

## It's About You

We aim to make your life more seamless and effortless with better service, technology and content. We want to help you do more of what you love – talking, messaging, shopping or catching up on the latest news. Above all, we want you to be happy, satisfied and delighted customers.

### vision

## To be Asia Pacific's best multimedia solutions group

We aim to shape communications and much more by unlocking the possibilities of the digital world for our customers.

### mission

## Breaking Barriers, Building Bonds

We believe that the world is a better place when technology is used to help people and businesses communicate effortlessly.

We make communication easier, faster and more reliable for customers, while delivering value to our stakeholders.
