

Who We Are

Singtel, as you know today, had its beginnings more than 130 years ago as Singapore's first and only telecommunications provider. Today, we have become much more than just that. Going beyond Singapore's shores decades ago, we have become a global communications company with an expanded presence in many cities worldwide – including Asia, Australia and Africa, deriving over three quarters of our revenue⁽¹⁾ from overseas. Together with our regional mobile associates, we now reach over 600 million customers, shaping how they communicate each day. Over time, we have evolved in tandem with the changing face of info-communications and now provide more than traditional telco services. We are also involved in emerging digital areas that suit the evolving needs of our consumers and businesses.

137  **years**
of operating
experience

Over
600 million
mobile customers in **25 countries**
