

03 Environment

The Smallest Footprint

We are committed to minimising our environmental impact and building operational resilience to the effects of climate change on our business and the communities we serve.

As a leading communications group transforming and connecting people and communities, we are also a driver and enabler of positive environmental impact. The Singtel Group Environment Strategy guides our focus on climate action and product stewardship (see Figure 1). Please refer to our [website](#) for more details.

ADDRESSING CLIMATE CHANGE

CLIMATE CHANGE AND CARBON

We adopt an active and holistic approach in addressing the threat of climate change through mitigation and adaptation efforts, focusing on improving our energy performance and efficiency measures, as well as building resilience across our operations. Both climate action and environmental sustainability are a journey towards our goals and the Singtel Group has taken progressive steps since FY2015 (see Figure 4 on page 17).

In recognition of our environmental sustainability efforts, Singtel won Singapore's highest environmental accolade, which is the President's Award for the Environment 2019 organised by the Ministry of the Environment and Water Resources.

Vice President of Group Sustainability Andrew Buay receiving on behalf of Singtel the President's Award for the Environment 2019 from Singapore President Halimah Yacob and Minister for the Environment and Water Resources Masagos Zulkifli
